

OUR MODEL

One Integrated Model. Generations of Opportunity.

Southwest Creations is an integrated social enterprise where business success creates the conditions for workforce stability, family mobility, and educational opportunity across generations.

1. CONTRACT MANUFACTURING

We deliver high-quality manufacturing solutions for our customers, building trusted partnerships through reliability, precision, and performance.

2. STABLE EMPLOYMENT

We create stable, quality jobs with fair wages and benefits, advancement opportunities, and a culture of dignity and respect.

3. FAMILY SUPPORTS

We provide on-site childcare for \$.25 an hour, matched savings accounts, community resources and supportive services that help working parents succeed both at work and at home.

4. ADULT EDUCATION & LEADERSHIP

We offer adult education, leadership development, and career advancement programs that help employees build skills, confidence, and long-term employability.

5. Hacia

Our Hacia: Toward the University program supports students and families as they navigate the path from Pre-k through high school graduation. This opens doors to college and workforce opportunities.

WHY IT MATTERS

- Earned revenue from manufacturing is reinvested in people, families, and the community.
- Stable employment builds economic security and opens the door to new possibilities.
- When families are supported, parents can work, grow, and invest in their futures.
- Education and leadership build confidence, skills, and pathways to advancement.
- We work alongside families to achieve their dreams for their children.

The Southwest Creations Impact

When you build economic and educational opportunity for women, it leads to economic mobility across generations.
